THE END OF AN ERA! GOODBYE MS DYER! Yesterday we bade a fond farewell to Ms Dyer! Ms Dyer has been Chair of Governors for an astounding three decades! Starting in the previous century, Ms Dyer has worked alongside three headteachers, has supported the school throughout 10 OFSTED inspections, overseen the building of ¼ of the school and been instrumental in seeing the school into a trust. Since 1995 Ms Dyer has supported, challenged and held to account school leadership teams in getting the very best for the children of Whitchurch Primary School. She has seen curriculums, teaching techniques and pedagogical thinking come, go, and no doubt return again. Over 1000 children have benefitted from her relentless drive and unbridled passion for school improvement, and the progress for children. Outside of school, Miss Dyer has been influential in the Bristol Scouting/Guides movement, supported various good causes and is generally well known as a kind, caring and supportive stakeholder in the community, both local to Whitchurch, and Bristol wide, having been named one of the most influential women living in Bristol (Bristol Live 2018). It has been a fantastic, thoughtful and fun experience working alongside Ms Dyer for all members of Whitchurch Primary, and I'm sure you join me in wishing her the very best for the future!
