**WELL DONE WHITCHURCH!** The children of our school were brilliant during last Friday's 'Whitchurch Village Light Switch On'. First, behaviour was admirable as Father Christmas arrived to work his magic, before both the choir and brass band performed superbly in the Community Hall. Singing was that of angels, trumpets were played with aplomb! Well done to Miss Knight and Miss Williams who co-ordinated and worked with our choir, and hats off to the Salvation Army, who tutor our trumpeters weekly!

**CHRISTMAS CARD COMPETITION:** Well done to the winners of Whitchurch Village Council's Christmas Card Competition. October half term seems a long time ago now, when many of our children completed a card and entered into this challenge. Winners each received chocolate and a ten pound voucher, whilst the council generously donated £50 to the school!

**SCHOOL REQUESTS: GUTTERING:** Raymond's mum and family are very kindly in the process of restoring the planters in our telephone box! A feature of the school, and indeed olde England, we are requesting the donation of new house guttering to the school. This can then be cut to size to make new planters. Please speak to the office or Mr Hornsby if you can help here. Thank you.

**PRAISE:** More winners this week!
